28 May 2024

Mr. Agus Rofiudin
Expert Staff of Ministry of Finance on Organization, Bureaucracy, and ICT
Ministry of Finance
Jl. Dr. Wahidin Raya No. 1
Jakarta Pusat

Dear Pak Agus,

Subject: Invitation to Interactive Technical Session
Indonesia's Public Financial Management Frontiers: Looking Back to Build the Future
5 June 2024

The World Bank, in the context of the Public Financial Management (PFM) Multi-Donor Trust Fund (MDTF), is developing the report "**Indonesia's Public Financial Management Frontiers: Looking Back to Build the Future**." The report aims to showcase Indonesia's key reforms over the past couple of decades and focus on actions that can help consolidate progress and future reforms that can have transformational impact to help the Country achieve high-income status by 2045. The Report consists of five sections: (i) Revenue Mobilization & Effective Revenue Administration, (ii) Planning and Budgeting, (iii) Budget Execution & Management, (iv) Decentralization and Public Financial Management, and (v) **Digital Transformation and Data Analytics**.

As part of the Report, the World Bank is organizing an interactive technical session after the high-level workshop to share and discuss the **New Paradigm and Its Challenges on Digital PFM and the Showcase of the Korea IFMIS dBrain+ along with data analytics platforms, KODAS and KORAHs** which will be delivered by our international experts: **Mr. James Stewart** from Digital Public of UK, and **Mr. Tae Kyu Kim** from Korea Fiscal Information Service (KFIS).

The session will take place on Wednesday, June 5, 2024, from 13.30 to 16.30 in Saloon 1 Meeting Room, Park Hyatt Hotel. Participants are expected to have lunch before the session begins.

It would be an honor if you could join and participate again in this session and invite your teams, colleagues, or staff in charge of or technically engaged with ICT/data analytics/digital transformation works from various directorates within the ministry. To be effective, we limited the participants to a maximum of 35 people.

We kindly request your confirmation by Friday, 31 May, and the list of participants to Ms. Denada Stottele (dstottele@worldbank.org) and Mr. Erwin Ariadharma (eariadharma@worldbank.org).

We look forward to strengthening our partnership towards PFM reforms.

Sincerely Yours,

Daniel Ortega Nieto
Lead Governance Specialist
